

Procedure Financial Disclosure

You have been scheduled for a colonoscopy: CPT Code: _____ and/or an Upper Endoscopy (EGD):CPT: 43235 on _____ at

- Pikes Peak Endoscopy Center
- Briargate Endoscopy Center
- MemorialMain
- Memorial North

The indicating diagnosis for this procedure is _____. The diagnosis code(s) submitted on the claim for the procedure will indicate the actual findings of the procedure. (i.e., what may have been scheduled as a screening, could change to diagnostic due to the findings during the procedure.)

If you are having your procedure performed at Pikes Peak Endoscopy Center or Briargate Endoscopy Center, we are Medicare certified free-standing ambulatory surgical centers owned by the physicians of Gastroenterology Associates of Colorado Springs (GACS). **GACS physicians do not perform "office based" endoscopy services. Therefore, office visit co-pays will not apply for these services.**

Endoscopy services are surgical procedures and will be processed under the surgical provisions of your insurance plan. Some insurance plans have exclusions for out-patient surgical procedures or have different out-of-pocket expenses based on the location where the procedure is performed. Individual and Family deductibles may apply. While the procedures are diagnostic in nature, they are not considered a diagnostic test by the insurance carrier, nor the American Medical Association.

Our Pre-Cert Specialist will contact your insurance plan to see if pre-certification is required for the procedure. Please note that pre-certification is not a guarantee of payment as per your insurance company.

As a courtesy to our patients, we will attempt to find out what your benefits will be, however, all insurance companies specify that the information they provide to us does not guarantee payment or that the amounts they quote us due by the patient will be the same after the claim is processed. You are responsible for additional deductibles, co-pays or any co-insurance your insurance company may assess to your responsibility. Services not covered or deemed not medically necessary by your plan will be your responsibility. **We strongly encourage you to call your insurance carrier to understand what your benefits are for the procedure that has been scheduled.** We do have a cancellation policy and fee associated with the cancellation of procedures if we are not notified within the specified time period. It is your responsibility to understand what your coverage is and if you have questions regarding your coverage, you should contact your insurance company. You will need to provide them the information listed in the first section above. Be sure to have them review the "indicating" diagnosis as some plans have limited coverage based on diagnosis, or difference in coverage for screening vs. diagnostic procedures.

If you have not already done so, you will need to provide us with your correct insurance information at least 14 days prior to your scheduled procedure to allow time for pre-certification. You need to be sure we have your primary, secondary (and tertiary) insurance information as all may require pre-certification. Call (719) 632-7101, and follow the prompt for the appropriate physician that will be performing your procedure to report updated insurance information. Failure to report the correct updated insurance information prior to the procedure may result in you being responsible for the full balance due. If you present a different insurance at the time of check in for your procedure, your procedure may be rescheduled to a future date that allows us to complete the pre-certification process.

The procedure for which you are scheduled generates the following fees and will be billed separately: (1) a professional fee for the physician's services, (2) a facility fee for use of the surgery facility, and (3) if a tissue biopsy is required, a fee for pathology services from the pathologist/lab.

- Please bring this signed form with you on the day of your procedure**
- Please mail this form back to our office (address below) 4-5 days prior to your procedure**

Gastroenterology Associates of Colorado Springs, L.L. P./Pikes Peak Endoscopy and Surgery Center L.L.C./Briargate Endoscopy Center, L.L.C.

FINANCIAL POLICY AND PATIENT AGREEMENT

IMPORTANT – PLEASE READ

We are committed to giving you the best care possible. We expect in return that you have the same commitment to your medical and financial responsibility to us. The following is the financial policy for Gastroenterology Associates of Colorado Springs, LLP, Pikes Peak Endoscopy & Surgery Center, LLC and Briargate Endoscopy Center, LLC. Please be advised that Pikes Peak Endoscopy & Surgery Center and Briargate Endoscopy Center are owned and operated by the physicians of Gastroenterology Associates of Colorado Springs, LLP and are fully certified Medicare approved and licensed by the state of Colorado.

APPOINTMENTS: Please arrive at least 30 minutes prior to your appointment to give yourself time to update your records or complete paperwork required by your insurance.

CANCELLATION POLICY: In order to meet the needs of all our patients, please call us immediately if you have to reschedule your appointment so that we can accommodate another patient's needs. If you fail to cancel or reschedule in the appropriate amount of time the below fees will be applied to your account

- Office visits **MUST** be cancelled/rescheduled no later than **24 hours prior to your appointment; a \$25.00 charge will be assessed if this does not occur.**
- Procedures (Colonoscopy/EGD) **MUST** be cancelled/rescheduled no later than **48 hours prior to your scheduled procedure; a \$75.00 charge will be assessed if this does not occur.**

UNINSURED PATIENTS: Payment for services is **due in full** at the time of service or payment arrangements need to be made with our billing department **prior** to the service. For your convenience, we accept VISA, MasterCard, cash, checks and money orders.

INSURED PATIENTS: As a courtesy to our patients, we will file your primary and supplemental insurance for you. However, you need to provide us with complete and accurate insurance information as well as a copy of your insurance card(s). Please be aware that although we participate with most insurance companies, **it is your responsibility to make sure we are a participating provider with your plan.** If we have an agreement with your insurance carrier, we will receive direct payment for covered services. **Co-payments are due at the time of service.** Deductibles and co-insurance amounts applied to the claim will be your responsibility. Services not covered or deemed not medically necessary by your plan will be billed to you and are your responsibility. **You will be responsible for any remaining balance on your account once your insurance has processed our claim.**

Since your insurance policy is an agreement between you and the insurance carrier, we will not routinely research why an insurance carrier has not paid or why it paid less than anticipated for your care.

REFERRALS: If a referral is required, while we will assist you in getting the referral, you need to request it from your primary care physician and it is your responsibility to obtain one. If a referral is not in place, you will be responsible for payment or your appointment may be rescheduled until a referral is received from your primary care physician. If you are having a procedure performed at Pikes Peak Endoscopy & Surgery Center or Briargate Endoscopy Center and a pre-certification for that procedure is required, we will obtain authorization for that procedure on your behalf. If your insurance company does not authorize the procedure, you will be notified of your financial responsibility prior to the procedure being performed.

COPIES OF MEDICAL RECORDS: We will be happy to copy your records for you. If you need copies you must first sign a medical records release form which we can mail to you for your signature. We do not charge patients for copies of their own records. Fees for copying records requested from businesses are as follows: \$14.00 for 10 or fewer pages, 50 cents per page for pages 11-40 and 33 cents per page after 40 pages.

ADDITIONAL CHARGES:

Missed Clinic Appointments	\$25.00
Missed Procedure Appointments	\$75.00
Returned Checks	\$25.00

OVERPAYMENTS: We will not refund credit balances less than \$10.00.

LATE PAYMENTS: Accounts 30 days or more past due will begin accruing finance charges.

COLLECTION AGENCY: We refer all unpaid accounts over 90 days past due to a third party collection agency unless the account has been approved for payment arrangements.

CUSTOMER SERVICE: If you wish to discuss your account and/or set up financial arrangements, please contact our billing department at (719) 477-0755. We accept cash, checks or credit cards (Visa and MasterCard) as payment. There will be a \$25.00 service charge on all returned checks.

I acknowledge full financial responsibility for services provided to me. I understand that I am responsible for prompt payment of any portion of the charges not covered by insurance, including co-payments, coinsurance and deductibles. I understand that under provisions of HIPAA (The Health Insurance Portability and Accountability Act of 1996), my insurance company and/or employer group plan administrator may be notified if I fail to fulfill my financial obligations for the payment of deductibles and coinsurance. I agree to all reasonable attorney fees and collection costs in the event I default on payment of my charges. I also consent that direct payment of authorized insurance benefits are paid on my behalf to Gastroenterology Associates of Colorado Springs, Pikes Peak Endoscopy Center, and/or Briargate Endoscopy Center.

OSMOPREP BOWEL PREPARATION INSTRUCTIONS

ONE WEEK BEFORE THE PROCEDURE:

- Discontinue iron supplements and aspirin, Aleve, Motrin, Advil, or any other anti-inflammatory medications. You may take Tylenol and/or a multivitamin with iron.
- You **must** speak with your primary care physician or a specialist before your scheduled colonoscopy if you are taking **Coumadin, Plavix, Ticlid, or any other Blood Thinners**. You may need to stop these medications a week prior to your procedure.
- **DO NOT TAKE THIS PRODUCT** If you have **congestive heart failure**, or **kidney disease** please call our office at (719)632-7101 for special instructions.
- It is important to continue to take all other prescribed medications. On the day of the procedure, you may take your prescribed medications with a small sip of water up to two hours before your procedure.
- Fill prescription for **OsmoPrep**

THE DAY BEFORE THE PROCEDURE

- **7:00AM**—Start the “Clear Liquids Diet” (**listed on the next page**) and continue the entire day. Do **NOT** eat solid foods or drink thick liquids all day.

Patients should drink plenty of clear liquids (at least 2 liters) throughout the day to achieve the best prep results!
- **5:00 PM THE DAY BEFORE THE PROCEDURE:** Take 4 **OsmoPrep** tablets every 15 minutes with at least 8 ounces of Clear liquid until all 20 tablets have been consumed. Remain close to toilet facilities.

*****IT IS VERY IMPORTANT TO DRINK THE FULL GLASS OF LIQUID WITH EACH DOSE*****

THE DAY OF THE PROCEDURE

- **4 HOURS BEFORE PROCEDURE**
Take 4 **OsmoPrep** Tablets every 15 minutes with at least 8 ounces of Clear liquid, until the remaining 12 tablets have been consumed.

THE DAY OF THE EXAM

- **Continue to drink clear liquids until 2 hours prior to your procedure.**
- **Note:** Individual responses to laxatives do vary. This prep may cause multiple bowel movements. It often works within 30 minutes but may take as long as 3 hours. Please remain within easy reach of toilet facilities.
- Some patients find it helpful to use Desitin or A&D ointment, and use baby wipes or personal cleansing cloths (instead of toilet paper) to avoid irritation from frequent wiping.

PREPARING FOR YOUR COLONOSCOPY

CLEAR LIQUID DIET

This diet provides fluids that leave little residue and are easily absorbed with minimal digestive activity. This diet is inadequate in all essential nutrients and is recommended only if clear liquids are temporarily needed. **NO RED, BLUE, OR PURPLE LIQUIDS SHOULD BE CONSUMED!**

FOOD GROUP	FOODS ALLOWED	FOODS TO AVOID
Milk & beverages	Tea (decaffeinated or regular), carbonated beverages, fruit flavored drinks	Milk, milk drinks
Meats & meat substitutes	None	All
Vegetables	None	All
Fruit & fruit juices	Strained fruit juices: apple, white grape, lemonade, pulp free orange juice	Fruit juices with unstrained fruit
Grains & starches	None	All
Soups	Clear broth, consommé	All others
Desserts	Clear flavored gelatin, popsicles	All others
Fats	None	All
Miscellaneous	Sugar, honey, syrup, clear hard candy	All others

You may drink vanilla or chocolate Boost/Ensure the day before your procedure until your prep is started if extra caloric intake is needed.

SAMPLE DIET

BREAKFAST	LUNCH	DINNER
White grape juice Clear broth Jell-O® Tea/Coffee	Apple Juice Clear broth Jell-O® Tea/Coffee	Lemonade Clear broth Jell-O® Tea/Coffee

Colonoscopy

Colonoscopy: Colonoscopy (koh-luh-NAH-skuh-pee) lets the physician look inside your entire large intestine, from the lowest part, the rectum, all the way up through the colon to the lower end of the small intestine. The procedure is used to diagnose the causes of unexplained changes in bowel habits. It is also used to look for early signs of cancer in the colon and rectum. Colonoscopy enables the physician to see inflamed tissue, abnormal growths, ulcers, bleeding, and muscle spasms.

For the procedure, you will lie on your left side on the examining table. You will probably be given pain medication and a mild sedative to keep you comfortable and to help you relax during the exam. The physician will insert a long, flexible, lighted tube into your rectum and slowly guide it into your colon. The tube is called a colonoscope. The scope transmits an image of the inside of the colon, so the physician can carefully examine the lining of the colon. The scope bends, by turning dials on the handset, the physician can move it around the curves of your colon. You may be asked to change position occasionally to help the physician move the scope. The scope also blows air into your colon, which inflates the colon and helps the physician see better.

If anything unusual is in your colon, like a polyp or inflamed tissue, the physician can remove a piece of it using tiny instruments passed through the scope. That tissue (biopsy) is then sent to a lab for testing. If there is bleeding in the colon, the physician can pass a laser, heater probe, or electrical probe, or inject special medicines, through the scope and use it to stop the bleeding. Bleeding and puncture of the colon are possible complications of a colonoscopy. However, such complications are uncommon.

The procedure can take up to 30 minutes and possibly longer if there are abnormal growths, inflamed tissue, ulcers, or bleeding. The sedative and pain medicine should keep you from feeling much discomfort during the exam. You will remain in recovery for a period of time until some of the sedative wears off. The sedative can cause you not to retain the discharge instructions provided by the discharge nurse, we recommend you have someone in your room with you to receive those instructions at the time of discharge so they can go over them again with you when you get home.

Preparation: Your colon must be completely empty for the colonoscopy to be thorough and safe. You have been provided instructions you should read **1 WEEK** prior to your procedure as there are special directions that may require you to stop certain medications (with your doctor's approval) one week before and a special diet you must start the day before your procedure. **Also, you must have someone come with you to stay during your procedure and drive you home afterward—you will not be allowed to drive because of the sedatives.**

INFORMED CONSENT FOR OPERATION OR PROCEDURE

Print Name _____ Patient's Date of Birth _____

I authorize _____ to perform the following procedure: (NO ABBREVIATIONS/ACRONYMS)
____ Right ____ Left ____ NA

I understand the reason for the procedure is: _____

No guarantee or assurance has been made to me as to the results of the procedure.
I also authorize any additional procedures deemed necessary due to unsuspected conditions found during the procedure.

ALTERNATIVES: _____

RISKS: Any procedure involves some risks and hazards. The most common risks of surgery include infection, bleeding, nerve injury, blood clots, heart attack, allergic reactions, pneumonia or death. Additional risks of this procedure include but are not limited to: _____

- The administration of anesthesia also involves risks, most importantly a rare risk of reaction to medication causing death. I consent to the use of such anesthetics as may be considered necessary by the person responsible for these services.
- Other qualified medical practitioners may perform important tasks in my procedure (i.e. opening, closing, removing tissue, administer anesthesia) based on their scope of practice under the direct supervision of my physician.
- Medical observation or participation may occur during my procedure by healthcare team members, students and designated sales representatives under the direct supervision of my physician.
- Any tissue or hardware removed will be disposed of safely by the hospital.
- Memorial Health System will release applicable health information to device manufacturer(s) per state and/or federal regulations in order to track any implanted device in case of a recall or failure.
- Photographing/videotaping may be done for the purpose of diagnosis and/or treatment as determined by my physician.
(Photography for educational purposes requires a separate consent)

- A. NA I agree I do not agree to authorize healthcare student(s) to participate in my procedure
- B. Moderate sedation: NA I agree I do not agree to the use of moderate sedation based on the explanations of the risks, benefits and expected results of this type of sedation. Per Anesthesia recommendation
- C. Allograft/xenograft: NA I agree I do not agree to the use of allograft/xenograft based on the explanations of the risks, benefits and expected results of its use. (See information sheet)
- D. Blood transfusion: NA I agree I do not agree to the use of blood or blood products during and after the procedure as needed based on the explanations of the risks, benefits and expected results (See information sheet)

PATIENT CONSENT: I understand the information my physician/LIP gave me. I was given the opportunity to ask further questions.
